

Healing Bridge

PHYSICAL THERAPY

*Cross the Bridge to Better
Health & Wellness*

*My passion to be involved
in recovery and
rehabilitation stems
from knowing that we
will reach our greatest
potential with the help
and support of others.*

*It inspires me
professionally and
personally to offer tools,
skills, and education to
empower others in pursuit
of self-care and care for
each other.*

*Physical therapy is more
than just a medical model,
it is an approach to health
care that optimizes well
being and encourages self
management strategies. It
is a privilege to assist my
patients in this pursuit.*

*"We are spiritual
beings having a
physical experience."*

Nancy Hartung BS, PTA

Compassionate care to enhance your health

I strive to honor the dignity of each individual that I serve. I offer my physical therapy skills, knowledge, and experience to facilitate wellness and enhance quality of living.

It is my goal to provide excellent physical therapy skills, to educate and assist clients regarding their own recovery process. I strive to participate as a staff team member in the best interest of each patient.

I have been part of the Healing Bridge team since 1999, and have over twenty five years of experience in the field of physical therapy. I was born and raised in Oregon and have worked in Acute Care, Rehabilitation, Geriatric and Outpatient settings in Portland, Eugene, Alaska, and Bend.

My goals throughout my career have been to continue to enhance and expand my education, skills, and knowledge. My greatest interest is empowering patients through education. My recent continuing education has included:

- 2008 Medical screening and differential diagnosis
Explain pain, Neuro Orthopedic Institute
- 2007 3 day course, Strain/counter strain I for the spine (Jones Institute)
Clinical instructor for the student PTA Spring term
APTA Conference Denver CO
- 2006 Core stability to Core ability/
Feldenkrais
- 2005 Embodied Life Awareness through movement/Feldenkrais
Current concepts for knee and shoulder
Gerontology Conference
- 2004 Improving balance and reducing fall risk using Tai Chi
Feldenkrais w/ Jeff Haller
