

TIME OF SERVICE (Private Pay) DISCOUNT POLICY AND AGREEMENT

Healing Bridge Physical Therapy offers a Time of Service Discount payment option for patients who do not have insurance, have maximized their benefits, or who do not wish to bill their insurance. **The discounted rates are \$155 per evaluation and \$130 per follow-up visit and must be paid at each visit** in order to participate in this option.

A patient may chose to cancel this agreement at anytime. **Any visits previously attended under this agreement will not be eligible for insurance billing retroactively.** Further, a statement with treatment codes will not be provided. If a patient chooses to cancel this option, please submit 72 hour advanced notice to Allison Suran with any new insurance information in order to update the billing system for subsequent visits.

If you are unable to pay at the time of the visit, you will need to Allison Suran to determine if financial arrangements are an option. It is possible to make a monthly payment arrangement with your credit card.

HBPT requires a 48-hour notice for cancellations. Failure to provide this notice may result in a \$50.00 charge

I understand the above policy and agree to make payments at the time of each visit.
